

Los Flamingos

What the THE PROPERTI GUIDES TO GOLF COURSES says **Flamingos**

Occasionally challenging, sometimes understated, but not particularly long hotel and partially residential course with interesting, and at times eccentrically undulating, greens and excellent sea views from higher tees. Several short-ish par 4s. 1st 9 tight; second 9 more open. Should continue to improve with maturity.

What the THE PROPERTI GUIDES TO GOLF COURSES says **Alferini**

Starting and finishing over and around a narrow gully, this is 'mountain defile' golf, if ever there is such a thing - a case of engineering over design: uphill and downhill, wide and narrow, over or round chasms, water, bunkers and other hazards, occasionally blind. An education for golf course design enthusiasts, to be seen at least once. At most holes scenic vistas unfold - generally mountainous, but from the back tee on 18, in relief, to the distant sea over a final chasm...
