

La Zagaleta

C+ Golf

What the The International Golf Federation says La Zagaleta ↗

Hilly up-market mature residential layout with some spectacular shots and excellent wide-ranging mountain and Mediterranean vistas, which required major earth movement to create rolling fairways and some interesting greensites. Some good bunkering and occasional water. Maturity has brought increased character, and exclusivity prevails...

La Zagaleta 7 251 4

Los Barrancos 5 524 5

What the The International Golf Federation says Los Barrancos

A remarkable combination of quarrying and engineering within an attractive mountainous setting renders an 'extreme golf' feel, which some players will relish. But the main qualities of this occasionally narrow, often demanding, yet mercifully short test are the superbly crafted greensites, reminiscent of traditional British links. Chasms, ravines, water and wildlife. Buggies absolutely essential.

Scorecard
